Independent Auditor's Limited Review Report

Limited Review Report on Unaudited Standalone Financial Results of MODULEX CONSTRUCTION TECHNOLOGIES LIMITED for the quarter and nine months ended December 31, 2023 Pursuant to the Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended.

To the Board of Directors of MODULEX CONSTRUCTION TECHNOLOGIES LIMITED

1. We have reviewed the accompanying statement of standalone Unaudited Financial Results of Modulex Construction Technologies Limited ("the Company") for the quarter and nine months ended December 31, 2023 ("the Statement") attached herewith, being submitted by the Company pursuant to the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('the Regulation') as amended, read with SEBI Circular No. CIR/CFD/CMD1/44/2019 dated March 29, 2019 ('the Circular').
2. This Statement, which is the responsibility of the Company's Management and approved by the Company's Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34, (Ind AS 34) "Interim Financial Reporting" prescribed under Section 133 of the Companies Act, 2013 ("the Act") as amended, read with relevant rules issued thereunder and other accounting principles generally accepted in India.

Our responsibility is to express a conclusion on the Statement based on our review.

3. We conducted our review of the statement in accordance with the Standard on Review Engagement (SRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the statements are free of material misstatement. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures and thus provides less assurance than an audit. A review is substantially less in scope than an audit conducted in accordance with standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in the audit. Accordingly, we do not express an audit opinion.
4. **Material uncertainty related to Going Concern**
We draw attention to Note No. 8 in the statement which states that the Company has incurred a net loss in the current period and in the earlier years. The Company's current assets are not sufficient to meet its current liabilities. The Company is implementing the project at Pune through its subsidiary company (Modulex Modular Buildings Private Limited) and the progress of the project is slow considering the various factors (including the temporary suspension of the project). There is material uncertainty related to the aforementioned conditions that may cast significant doubt on the Company continuing as a going concern. Further, we are informed that the promoters/shareholders are committed to give financial support as and when required

by the Company, the management expects an improvement in the performance of the Company in the long run and the management is also committed to complete the project at Pune through the subsidiary company. Considering this, in the opinion of management, the statement is prepared on a going concern basis.

Considering this, in the opinion of management, the Statement are prepared on a going concern basis. Our conclusion is not modified with respect to this matter. This matter was also reported in the independent auditor's report of the previous financial year by the predecessor auditor. Their conclusion was not modified in respect of this matter in the previous financial year ended / quarter ended March 31, 2023.

5. **Emphasis of Matter Paragraph**

Without qualifying our opinion, attention is invited to the following:

- a) The Company has not deposited the tax deducted at source (TDS) amount of INR 36.59 lakhs (including provision for interest on TDS of INR 9.13 lakhs) payable to the income tax department. The Company has made provision for interest liability arising due to the delay in depositing TDS. Our conclusion is not modified with respect of the above matters.
- b) The company has shown TDS receivable amount of INR 2.82 lakhs as of review date. However, there is uncertainty regarding the recoverability of this amount since the same has not been deposited by the deductor and therefore, it is not reflected in 26AS statement of the company. Our conclusion is not modified with respect of the above matters.
- c) As stated in Note 4 of the Statement, the Company has carried out the fair value of investment in the subsidiary company (Modulex Modular Buildings Private Limited [MMBPL]) from the two valuers during the period ended June 30, 2023 that is sufficient to cover the cost of investments. Considering the same and the management outlook for improvement in the performance of the Subsidiary Company (MMBPL) in the long run, in the opinion of management, no impairment is required for investment value in the Subsidiary Company (MMBPL), as the management is committed to complete the construction of the project. We have relied on the information & explanation given by the management. Our conclusion is not modified with respect of the above matters.
- d) As stated in Note 6 of the Statement, in the financial year 2021-22, the Company has received a whistleblower complaint from one of the person (hereinafter referred to as "the complainant"). The Complainant was an independent director of the Company till March 06, 2023. The Complaint was filed with respect to the conduct of the board meeting held for approval of the right issue of equity shares. Based on the complaint, the said matter was raised by predecessor auditor to the audit committee, and they had also submitted their report to the Central Government in Form No ADT 4 as per the requirement of the Companies (Audit and Auditor) Rules, 2014. The Company had appointed an independent third party to investigate the complaint. Based on the investigation report submitted by the third party which was also approved by the audit committee in a meeting held on September 02, 2022, allegations made in the said whistleblower complaint were found baseless.

Further, in the previous year 2022-23, the Company had received an additional two whistleblower complaints from the above complainant. The Audit Committee has rebutted the allegation levelled by the Complainant and suggested to take the appropriate legal action against the complainant by referring these entire matters to the board of directors for further actions. The board of directors is exploring the best feasible option to close the matter. Our conclusion is not modified with respect to the above matters.

- e) Reference is invited to Note 5 of the Statement that the Company is not required to obtain registration as a Non-Banking Financial Company (NBFC) as it is neither carrying on any financial activities nor proposing to carry any financial activities as a principal business in future as the revenue generation is mainly affected due to delay in implementing the project by the subsidiary company. However, the Company is taking necessary steps to generate revenue from non-financial assets. This was also confirmed by the consultant of the Company. Our conclusion is not modified with respect to the above matters.
6. Based on our review conducted as stated in para 3 above, nothing has come to our attention that causes us to believe that the accompanying Statement is not prepared and presented, in all material respects, in accordance with the principles laid down in the Indian Accounting Standard 34 "Interim Financial Reporting" (Ind AS 34), prescribed under section 133 of the Act, as amended, read with relevant rules issued thereunder and other recognized accounting practices and policies.
7. The comparative Ind AS financial information of the Company for the corresponding quarter and nine months ended December 31, 2022, included in these unaudited standalone financial results, were reviewed by the predecessor auditor who expressed an unmodified conclusion vide their report dated March 28, 2023 and the Ind AS financial statements of the Company for the year ended March 31, 2023, were audited by predecessor auditor who expressed an unmodified opinion on those financial statements on May 30, 2023.

The Group's current assets are not sufficient to meet its current liabilities. project for the reasons stated in the said note which includes the delay in raising the funds & non-receipt of an extension letter from MIDC. The Company has continued to incur losses in the current quarter and in the earlier years. Further, its current liabilities are also greater than current assets. Considering the commitment from the shareholders/promoters to infuse the funds for execution of the project, the expectation of management for receipt of an extension letter from MIDC for construction work as well as the future business prospect of the Company there is no impairment of property, plant and equipment and capital work in progress required as on date. Our conclusion is not modified with respect to this matter.

- i) In the case of Modulex Modular Buildings Private Limited (MMBPL), a subsidiary attention is drawn to Note 12 of the Statement, the Company has paid an advance of INR 270 lakhs to Credit Express Financial Services till the current quarter. As per the agreement, the vendor would be able to charge the Company on completion of services. Even though the rendering of the service by the vendor is still in process, as a matter of abundant caution, the Company has made provision for professional services to the extent of the advance paid to the vendor for service rendered by the consultant but billable at the time of completion of services. Our conclusion is not modified with respect to this matter.
- j) In the case of Give Vinduet Windows and Doors Private Limited (GVWDPL), a subsidiary has negative retained earnings as on December 31, 2023. Also, the company has not commenced their business operations till the date of signing of this report. This condition would raise substantial doubt about the company's ability to continue its operation for the foreseeable future. The Company's ability to continue as a going concern is dependent upon its ability to generate sufficient level of positive cash flows from its future operations and continued financial support of the company. Our conclusion is not modified with respect to this matter.
- k) In the case of Give Vinduet Windows and Doors Private Limited (GVWDPL), a subsidiary has not deposited the tax deducted at source (TDS) amount of INR 26.57 lakhs (including provision for interest on TDS of INR 8.03) payable to the income tax department. The Company has made provision for interest liability arising due to the delay in depositing TDS. Our conclusion is not modified with respect to the above matters.
- l) In the case of Give Vinduet Windows and Doors Private Limited (GVWDPL), a subsidiary has shown TDS receivable amount of INR 71.25 lakhs as of review date. Our conclusion is not modified with respect to the above matters.

NOTES:

1 The unaudited consolidated financial results have been reviewed as well as recommended by the Audit Committee of the Board which is approved by the Board of Directors at their meeting held on 14th February 2024. The statutory auditors have carried out the review of these results.

2 The above results have been prepared in accordance with the Indian Accounting Standards ("Ind-AS") as notified in the Companies (Indian Accounting Standards) Rules 2015 (as amended), specified under section 133 of the Companies Act, 2013.

3 In the FY 2021-22, the Holding Company had received a whistleblower complaint from one of the person (hereinafter referred to as "the complainant"). The Complainant was an independent director of the Holding Company till 6th March 2023. The Complaint was filed with respect to the conduct of the board meeting held for approval of the right issue of equity shares. Based on the complaint, said matter was raised by the predecessor statutory auditor to the audit committee and they had also submitted its report to the Central Government in Form No ADT 4 as per the requirement of the Companies (Audit and Auditor) Rules, 2014. The Holding Company had appointed an independent third party to investigate the complaint. Based on the investigation report submitted by the third party which was also approved by the audit committee in a meeting held on 2nd September 2022, allegations made in the said whistleblower complaint were found baseless.

Further, in the FY 2022-23, the Holding Company had received an additional 2 whistleblower complaints from the above complainant. The Audit Committee has rebutted the allegation levelled by the Complainant and had suggested to take the appropriate legal action against the complainant by referring these entire matters to the board of directors for further actions. The board of directors is exploring the best feasible option to close the matter.

4 The Holding Company is not required to obtain registration as a Non-Banking Financial Company (NBFC) as it is neither carrying on any financial activities nor proposing to carry on the financial activities as a principal business in the future. Further, the revenue of the Holding Company is affected mainly due to the delay in implementing the project by the Subsidiary [Modulex Modular Buildings Private Limited (MMBPL)]. However, it is taking necessary steps to generate revenue from non-financial assets. This opinion is also confirmed by the consultant of the Holding Company and the statutory auditor has relied upon this opinion.

Further, in respect of one of the subsidiary (Give Vinduet Windows and Doors Private Limited), in the opinion of the management of the said subsidiary company & based on opinion taken from an independent external consultant, the subsidiary company is not required to obtain registration as Non-Banking Financial Company (NBFC) as it is neither carrying on any financial activities and nor proposing to carry on financial activities as principal business in future and revenue of the subsidiary Company is mainly affected due to delay in implementing the project / manufacturing facility. Further, the subsidiary company is taking necessary steps to generate revenue from non-financial assets.

MODULEX CONSTRUCTION TECHNOLOGIES LIMITED

CIN - L25999PN1973PLC182679

Regd. Office : A-82, MIDC Industrial Estate, Indapur, Pune, Maharashtra - 413132

Statement of Unaudited Consolidated Financial Results for the Quarter And Nine months ended December 31, 2023

5 In respect of the subsidiary company (MMBPL), due to multiple factors including delays in raising the resources from the banks and other regulatory issues resulted in the temporary suspension of construction activity at the project site at Indapur, Pune [which is taken on lease from MIDC (Maharashtra Industrial Development Corporation)].

The subsidiary company is in discussion with a consortium consisting of two member banks for funding the project to the extent of Rs. 8,500 lakhs. The subsidiary company had received sanction letters from two Banks in previous year dated 1st December 2022 and on 13 September 2023,, the subsidiary company has received the letter for extending terms of sanction from one bank and is in process of getting extension letter from other bank. The management is expecting the disbursement of the loan on the fulfilment of certain terms and conditions.

Considering the continued delay in the construction of the project, the subsidiary company has continued to incur losses in the current period and in the earlier years and current liabilities are greater than current assets. The management is committed to complete the construction of the factory complex and promoters/ shareholders are committed to provide the necessary funds to the subsidiary company as and when required. The management is expecting trial production and commercial production to be commenced in FY 2024-25.

Further, the subsidiary company received a letter dated 12th August, 2020 from MIDC asking the subsidiary company to vacate the above project site due to a delay in construction of the work / delay in payment of premium charges. The subsidiary company vide letter dated 13th August, 2020 had replied to the said notice and requested more time to make payment of outstanding premium charges. Further, the subsidiary company vide letter dated 24th September, 2021 has requested an extension of time for construction work for additional re-allotment fees of Rs. 810 lakhs. The subsidiary company is confident of receipt of the extension letter from MIDC for the construction of work. The outcome of additional liability payable to MIDC (including interest for delay in payment of premium, if any) would be determined based on the decision of MIDC and pending this decision, additional liability has been considered as contingent liabilities by the subsidiary company for the quarter ended 30th September 2023 (this was disclosed under contingent liabilities in the consolidated financial statements for the year ended 31st March, 2023 also). As a result, no impact has been given in the consolidated financial results for the quarter and nine months ended 31st December, 2023.

Considering the commitment from the shareholders/promoters to continue to infuse funds for the execution of the project, the management's expectation for receipt of an extension letter from MIDC for construction work as well as the future business prospects of the subsidiary company including valuation reports obtained by the subsidiary company from two valuers dated 26th October 2023 and 31st October 2023, in the opinion of the management there is no impairment of property, plant and equipment and capital work in progress as on date and further, the management has prepared the consolidated financial results on going concern basis.

6 In respect of the subsidiary company (MMBPL), one of the non-executive director was brought into the board of the said subsidiary company on the mutual understanding that fees will be accrued and paid out on achieving financial closure of the project. However, in FY 21-22, the said director had demanded entire fees of Rs. 96.33 lakhs even though financial closure of the project was not achieved. The subsidiary company had not agreed to the said demand. However, the subsidiary company had paid Rs. 47.18 lakhs as expended goodwill in FY 22-23 and the balance amount of Rs. 49.15 lakhs was treated as contingent liabilities. Further, the additional claim of Rs. 12 lakhs pertaining to FY 22-23 is also treated as contingent liabilities. These entire contingent liabilities are disclosed in the audited consolidated financial statements for the year ended 31st March 2023 pending outcome of final dispute / settlement.

The additional liability of Rs. 1 lakhs during the quarter along with above mentioned liabilities are treated as contingent liabilities by the subsidiary company as the financial closure of the project is still not achieved as on 31st December 2023. As a result, no impact has been given in the consolidated financial results for the quarter and nine months ended 31st December, 2023.

7 There are no reportable segments under Ind AS-108 'Operating Segments' as all the activities relate to only one segment i.e. civil construction. Further the Group is also reviewing the results / operations as single segment i.e. civil construction.

8 In the previous year, the board of directors of the holding company in its meeting held on 9th November, 2022 approved for issue and allotment of not more than 1,81,05,576 equity shares of the holding company on a preferential basis via swap against the equity shares of Give Vinduet Windows and Doors Private Limited in the ratio of 1:1.345. Further, shareholders have given approval for the issue of 1,78,98,746 equity shares on a preferential basis via a swap ratio of 1:1.353 through a postal ballot which commenced on 14th November 2022 and ended on 13th December 2022. In the current year, final in principle approval is received from the Bombay Stock Exchange is received for 1,78,98,746 equity shares of Rs 10 each to be issued at a price not less than Rs 13.53 to the persons other than cash on the preferential basis pursuant to share swap basis. As a result, with effect from 13th May 2023, Give Vinduet Windows and Doors Private Limited has become a subsidiary company and hence, the figures of the current quarter are not comparable with previous /earlier quarters presented in above results.

9 The fair value of investments in the subsidiary company (Modulex Modular Buildings Private Limited [MMBPL]) carried out by the two independent valuers during the quarter ended 30th June 2023 is sufficient to cover goodwill of Rs. 25,731.19 lakhs arising due to investment in the said subsidiary company. The valuers have also considered effect of the slow progress of project (including temporary suspension of project) by subsidiary company. Considering the management outlook for improvement in the performance of the Subsidiary Company (MMBPL) in the long run and in the opinion of management, no impairment is required for goodwill, since it is committed to complete the construction of the project.

10 In the current quarter, the subsidiary company (Modulex Modular Buildings Private Limited [MMBPL]) has issued and allotted 35,997 equity shares for aggregate consideration of INR 20 lakhs on a private placement basis to the Company in which the director is having control.

11 In the previous quarter ended 30th September 2023, the board of directors and shareholders of a subsidiary company (Modulex Modular Buildings Private Limited [MMBPL]) have approved the conversion of the unsecured loan including interest on the loan (taken from the Company in which the Director is having control) aggregating to Rs 2,546.39 lakhs into equity share capital by issuing 45,83,127 equity shares having face value of Rs 10 each at a price of Rs 55.56 per share.

12 The subsidiary company (Modulex Modular Buildings Private Limited [MMBPL]) had paid an advance of Rs. 270 lakhs to Credit Express Financial services till the current quarter ended 31st December 2023. As per the agreement, the vendor would be able to charge the subsidiary company on completion of services. Even though the rendering of the service by the vendor is still in process, as a matter of abundant caution, the subsidiary company has made provision for professional services to the extent of the advance paid to the vendor towards service rendered by the consultant but billable at the time of completion of services.

13 The Group has incurred a net loss in the current quarter and in the earlier years. The Group's current assets are not sufficient to meet it's current liabilities. The Group is implementing the project at Pune through its subsidiary company (Modulex Modular Buildings Private Limited) and the progress of the project is slow considering the various factors (including the temporary suspension of the project). There is material uncertainty related to the aforementioned conditions that may cast significant doubt on the Group continuing as a going concern. The management is expecting an improvement in the performance of the Group in the long run and the management is also committed to complete the project at Pune through its subsidiary company. Considering these and considering that the promoters are committed to give financial support as and when required by the Group, in the opinion of management, the Unaudited consolidated financial results are prepared on the going concern basis.

14 The figures of the previous period(s) have been regrouped / reclassified wherever necessary.
